<u>CS 131 Documentation</u>

In my time doing research on the Luhn Algorithm, I was able to find out many fascinating features and the history of the algorithm. I found out about the inventor, companies that utilize it, and its use cases. I found my information from the sources below and used it in my presentation.

Fernando, Jason. "Luhn Algorithm: Uses in Identity Verification for Credit Cards."

Investopedia, Investopedia, www.investopedia.com/terms/l/luhn-algorithm.asp.
